

DREMEL®

AT01-PGK Pet Grooming Nail Guard

Model # AT01-PGK

Product Specifications

Pet grooming nail guard. The use of scissor- and guillotine-type clippers apply pressure and pinch the nail, which can be uncomfortable for pet toes and feet. The Dremel pet grooming nail guard attachment allows you to quickly, easily and gently trim your pet's nails. The Dremel pet grooming nail guard positions pet nails at a 45-degree angle of cut. The clear cap allows easy viewing and is adjustable for use on other Dremel rotary tools. The nail guard features a hinged design so the housing can be opened for easy cleaning and assembly. With easy-to-follow instructions included in the kit, you'll be grooming pet nails in minutes. Fits the Dremel 7300-PGK cordless rotary tool and the 7700, 8100, 8220, 3000, 4000 and 4300 rotary tools.

- World's first 45 degree paw guide assures the correct angle for success
- Nail dust and fur guard
- Clear cap for easy viewing
- Simple hinge for easy cleaning and assembly
- Compatible with Dremel tools: 3000, 4000, 4300, 7300-PGT, 7700, 8100, 8220
