

Flat Panel TV Cable Organizer Kit with Duplex Power and Screw Together Wire Connector

50-6623-CON-KIT

This kit includes everything you need to run power and A/V cabling behind a wall from your equipment console to your wall mounted TV. The Power Kit installs with ease using the plug-and-play connector. With the specifically designed angled outlets, you are able to place your TV and furniture closer to the wall than ever before.

FEATURES

- Works with all TVs
- Easy, single plug wiring, no need to connect individual line/neutral/ground wires
- Dual power outlet for powering multiple devices
- Safe and easy to install
- Only three pieces to install

PARTS INCLUDED

- Pre-assembled top plate with duplex receptacle and electrical building wire with screw together connector
- Pre-assembled bottom plate with screw together connector
- 6 ft. extension cord with 360° rotating flat head
