### Q&A

**Question:** What is the impedance of the microfono?

**Answer:** The microfono has 300 Impedance.

**Question:** What kind of events is this microphone suitable for?

**Answer:** This microphone is perfect for all kinds of live events, including presentations, weddings, conferences, singing, and more.

**Question:** Can I use the XLR microphone for recording in a studio?

**Answer:** Yes, this XLR microphone is versatile and can be used for stage and recording applications.

**Question:** What is the frequency response of the dynamic microphone?

**Answer:** The dynamic microphone has a 50 to 16000 Hz frequency response.

**Question:** What is a cardioid pickup pattern?

**Answer:** A cardioid pickup pattern is a directional microphone that captures sound mainly from the front of the microphone while minimizing sound from the side and rear. This is ideal for live situations where noise cancellation is needed.
