

CDKW03

## About Item

1. **2-Coil Fast Charging:** Experience **charging speeds 1.4 times faster** than a standard wireless charger with our innovative technology. **Equipped with two coils**, our wireless charging pad provides a **significantly wider charging area**. Rest assured, and your compatible device will go **from zero to full in a remarkably short amount of time**.
2. **Convenient Qi Wireless Charging:** Say goodbye to tangled cords and embrace the simplicity of **wireless charging**. Just place your phone on the **wireless charging stand**, and let it **power up without the hassle of plugging and unplugging**. Please note that using a metal phone case may affect the charging process.
3. **Ultimate Safety Assurance:** Your smartphone's safety is our top priority. Our wireless charging pad incorporates **internal safeguards to protect against overcharge, overcurrent, overvoltage, and overheat solutions**. Additionally, the **anti-slip bottom** ensures extra stability on any desk surface.
4. **Ergonomic Stand Design:** Enjoy the freedom of our **unique sailing design**. Charge your phone easily and **keep watching the movies or listening to songs without interrupting the charging**.
5. **No Wires, No Beeps, No Lights:** **Say goodbye to cluttered wires, annoying beeping sounds, and distracting lights** with our upgraded **fast wireless charging station**. Designed to be **sleep-friendly**, the LED indicator is soft and does not interrupt your sleep.

## Product Description

Experience the future of charging with our 2-coil fast wireless charging pad. 1.4 times faster than standard wireless chargers, it offers a wider charging area. Say goodbye to tangled cords and enjoy effortless wireless charging by placing your phone on the stand. Safety is paramount, with internal safeguards against overcharge, overcurrent, overvoltage, and overheating.

Charge your phone in any orientation with the ergonomic wireless charger design. No more interruptions during movie watching or calls. Sleep-friendly; it eliminates annoying lights and beeps. With our fast wireless charger, enjoy a peaceful, clutter-free charging experience, bringing you closer to the wireless world you deserve.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

## Features

Effortless Charging	Superior Safety	Charging to Suit You	Case Friendly
Power up your Qi-enabled devices with the optimized wireless charging of the 5 Core wireless charger. With its automatic switching between 10W, 7.5W, and 5 W charging modes.	Experience Qi-certified wireless charging with total peace of mind, thanks to the exclusive multi-protect safety system of the 5 Core wireless charger.	Whether you are watching movies or messaging, the 5 Core phone charger stand covers you with horizontal charging for an immersive video experience and vertical charging for messaging.	This wireless charger can transmit power straight through your phone cases. However, make sure the case is not thicker than 5mm. And you should not keep any metal card or magnet in it.

### Q&A

**Question:** Will it work with my Samsung phone?

**Answer:** If the phone is Qi enabled, then it should work.

**Question:** What is the maximum charging speed?

**Answer:** The max charging speed is 10W.

**Question:** What devices are compatible with wireless charging pads?

**Answer:** Most newer Qi-enabled smartphones will work with wireless chargers.

**Question:** How does the indicator work?

**Answer:** Solid blue for standby mode and green for charging mode. Blue LED indicator will flash in 1s/time if your phone is not properly aligned or any metal objects are detected!

**Question:** Can I use it while I use my phone?

**Answer:** Of course, you can use the phone when the phone is being charged.
