PRODUCT CHANGE NOTICE

Issue Date: August 02th, 2023

Dear Valued Customer,

This PCN C0470 notice is to inform you of an insourcing of 6 mold tools currently run by an external supplier for our 75920 & 75921 series switches.

Description of the Change:

Littelfuse will be transitioning molded components for our 75920 & 75921 series switches from an external vendor in China and insourcing all molding tools to our manufacturing facility in Matehuala, Mexico. There are no changes in any of the materials of construction. The final assembly location of the 75920 & 75921 series switches will not change and continue to be produced in our facility in Muzquiz, Mexico.

Reason for The Change:

Littelfuse is insourcing the molds used for the identified products to improve supply chain consistency.

Effective Date of the Change:

This transition is targeted as a running change, effective no later than the end of August 2023.

What You Need to Do:

Please see attached list for affected finished goods part numbers and notify your customers who have purchased these part numbers in the past.

If you have any questions, please feel free to contact your Littelfuse Customer Service or Inside Sales Representative. We appreciate your business and our continued partnership.

Sincerely,

Renata Cebada
