

CAPO GLD

About Item

1. **Quick Release:** The quick-release capo offers effortless guitar clipping and swift key changes mid-performance. With a simple clamp, you can make your music soar to new heights.
2. **No fret buzz:** Experience consistent intonation across all frets and seamless on-stage position changes with no fret buzz. This capo is designed for professional play.
1. **No scratches:** Your instrument stays pristine with the high-quality Silicone Pad, guarding it against scratches. The steel spring with internal memory applies just the right amount of pressure.
2. **Versatile use:** The 5 Core capo is a versatile tool that allows for quick and easy changes in interval degrees on various instruments such as acoustic, classic, and electric guitars, bass, violin, ukulele, and more.
3. **Practical and thoughtful gift:** This golden capo makes for a great practical gift for friends or loved ones who enjoy playing the guitar or other instruments.

Product Description

The 5 Core Capo is the perfect addition to your guitar. Whether you are a studio musician, a stage performer, or just jamming with friends, changing keys quickly and easily is a valuable asset. This high-quality capo allows you to do just that with a simple squeeze of a lever, eliminating the need for time-consuming tuning adjustment.

With the 5 Core Capo/ kapo, you can expect a buzz-free and perfectly in-tune performance at any fret. Its spring-loaded design allows for easy application and adjustment with just one hand, and it can be conveniently stored on the peg head when not in use. This capo is perfect for quick changes on stage and is suitable for acoustic and electric guitars.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

Features

Premium Build	No Scratches	Easy to Use	No Buzz
<p>The golden color capo is made of metal. This capo looks and feels premium; it elevates the aesthetics of your guitar.</p>	<p>The silicone rubber lining that covers the entire gripper jaw protects your guitar from scratches or damage.</p>	<p>Moving and removing the capo is easy. Simply squeeze the trigger with your hand to release the tension, move it to the desired position, and release it.</p>	<p>With the built-in spring, our capo clamps the jaw around the guitar neck, applying the perfect pressure for a buzz-free performance.</p>

With a commitment to quality, affordability, and customer satisfaction, 5 Core is a brand people can trust for all their needs and wants.

Q&A

Question: Is the Capo support electric guitar?

Answer: Yes, it does.

Question: Do I need to buy a specific Capo for my guitar?

Answer: No, most capos are universal and will fit on most standard-sized guitars.

Question: How does the guitar capo work?

Answer: The guitar capo works by shortening the length of the strings that are being pressed down, which raises the pitch of the strings.

Question: Can the guitar capo damage my instrument?

Answer: It is very unlikely that Capo will damage your guitar. But to be on the safer side, buy one with rubber padding on it, just like 5 Core Guitar Capos.

Question: Where should I place the Capo on the guitar neck?

Answer: The placement of the Capo on the guitar neck will depend on the desired key and sound. A good rule of thumb is to place the Capo as close to the fret as possible without touching the fret.
