About Item

1. **Bring on the music:** Enhance your car's audio system by installing 5 Core's 6" x 9" 3-way car speakers. Experience superior performance without breaking the bank!
2. **Enhanced sound quality:** These speakers have a durable yet lightweight PP woofer and midrange driver for smooth mids and lows. The built-in tweeter improves clarity over factory speakers.
3. **Product highlights:** These 3-way car speakers boast a 6" x 9" Coaxial woofer, premium driver, and high-performance tweeter with a max power handling of 800W and a wide frequency response.
4. **Simple setup:** Designed to endure car door conditions, these speakers are easy to install. Integrated grilles offer protection and a sleek and aesthetically pleasing look.
5. **Upgrade your car audio:** Choose 5 Core's 6" x 9" car speakers for exceptional bass and clear vocals. Upgrade your car's audio system for an unmatched listening experience.

Product Description

Elevate your car audio with 5 Core's 6" x 9" 3-way car speakers. These speakers offer a solid boost in sound quality, featuring a lightweight yet durable PP woofer cone and midrange driver for smooth mids and lows.

They deliver impressive performance with a 800W of maximum power handling and wide frequency response. Installation is easy, and grilles are included for protection and a sleek look.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

Features

Cone material	High-temperature voice coil	Enhance listening experience	Compatibility
The speaker cone is made of a durable material that provides flexibility and excellent sound quality.	Our 6x9 car speaker's voice coil is efficient and reduces fatigue during long play times, even in high temperatures.	Experience more immersive listening with better instrument-vocal separation and a wider soundstage.	This speaker is versatile and can be used in cars, boats, and trucks as a replacement.
