### Q&A

**Question:** What microphones are compatible with universal clip holders and adapters?

**Answer:** The universal clip holders and adapters are compatible with microphones such as Sm57, Sm58, Sm86, and Sm87 models, which have a diameter of approximately 23mm.

**Question:** How many clip holders and adapters are included in the value package?

**Answer:** The value package includes six clip holders and adapters, providing you with multiple options for microphone placement and compatibility.

**Question:** Are the clip holders made from durable materials?

**Answer:** Yes, the clip holders are crafted from hard and durable plastic, ensuring their longevity and ability to withstand the demands of professional use. They also feature reliable metal components for added strength.

**Question:** Can I use these clip holders for wireless microphones?

**Answer:** No, these clip holders are specifically designed for wired microphone holders and may not be suitable for wireless microphone models.

**Question:** Can the clip holders be easily mounted on different stands or boom arms?

**Answer:** Yes, the clip holders are designed for easy mounting on stands, boom arms, or microphone holders. They offer a secure and stable grip on the microphone, keeping it in place during performances or recordings.
