Re: PDN-ICS 7285-2021 Retraction

Dear,

In October 2021, the above Product Discontinuation Notification was released with an error in the affected part numbers list.

The PDN was for the 1.5 Ah lithium-ion battery for the SF-ASD 16 cordless screwdriver only. The battery, part #1200297 SF-ASD 16/ACCU 1,5 Ah was replaced by the battery part #1314530 SF-ASD 16/ACCU 2,0Ah. The higher capacity of the battery with the same scope of performance increases customer benefits. The external dimensions of the battery remained unchanged, ensuring compatibility.

The SF-ASD 16 cordless screwdriver and its set were not discontinued. Part numbers 1200294, the SF-ASD 16 and 1200295, the SF-ASD 16 SET are still valid and active.

I apologize for any inconvenience or confusion this error may have caused. Should you have any further questions or concerns, please do not hesitate to contact me.

Sincerely,

Maria Schierscher
