Product Description

Introducing our dual-port car USB charger, the ultimate solution for charging your devices on the go. With powerful output current per port, you and your co-passenger can charge devices super fast and simultaneously. The cigarette lighter USB charger is compatible with a wide range of Android, and iOS devices, besides charging other devices such as cameras, portable power banks, etc.

The compact and durable design of the car USB charger is housed in a robust aluminum alloy case with a soft digital LED to ensure visibility in the dark. Safety is our top priority, with multiple protections against over-current, overcharging, and overheating to keep your devices safe while charging. Make sure to leave home with our certified, efficient, and safe cigarette lighter charger!

Features
