

## DJM 1200

### About Item

1. **Keep your beats fresh:** This player has an anti-shock system that uses RAM buffer memory. It also has two selectable jog modes: search and pitch bend. Additionally, it has instant-start and cue with a preview for added control over your media.
2. **Top-notch control:** The DJM 1200 player features rubber jog wheels with finger grips, a large LCD display with purple backlighting, variable pitch control ranging from +/- 4% to 16%, and a track button for easy navigation.
3. **Dual CD player:** Our double CD player is designed to accommodate two CDs simultaneously, allowing you to enjoy continuous music without needing to constantly swap the music.
4. **Seamless transition:** Transitioning between the two CDs is a breeze with our player. It ensures that there are no abrupt pauses or jarring interruptions when you switch from one disc to another.
5. **Anti-skip technology:** Whether using the CD player in a mobile setting or stationary, the advanced anti-skip technology ensures that your music remains undisturbed even when the player is subjected to vibrations or movement.

### Product Description

Designed for those who demand perfection, this player keeps your beats fresh with an anti-shock system and versatile jog modes. Take command with precision using jog wheels, a vibrant LCD display, and adjustable pitch control. With a dual CD setup, you can seamlessly transition between tracks, ensuring a continuous flow of music that keeps the party going.
