

AMP 40W-UTX-DLX

Stereo Receiver: High-Performance Amplifier

About Item

1. **POWERFUL AUDIO:** The **2 Channel** Professional Paging Amplifier- **400W 4Ω, 40W RMS** perfect for Live Stage, DJ, studio, Auditorium, Outdoor announcement, and Worship. With **400 Watts of peak Power**, it is usually sufficient for any outdoor audio requirement. Bass, **70 Micron Glass E-proxy Printed circuit board**.
2. **LCD DISPLAY METER:** The compact rack mount amplifier has a **built-in digital LCD display** which gives the amplifier a very elegant look. **Thermal Protection** for overheat overload, short circuit, dc, soft start.
3. **EQ CONTROLS:** The **improved professional compact bookshelf** sound amplifier **features crisp, responsive buttons for mode controls. Rotary knob controls for mic echo/volume balance & more.**
4. **REMOTE CONTROL:** This magnificent amplifier comes with a **Fully-functional remote control**; it is convenient for you to remotely control the machine.
5. **Extra FEATURES:** PA Amplifier (**AC, 12V DC & dry cell operated**). Easily compatible with mixers. **Lightweight, easy installation and low power consumption. 3 Microphone inputs & 1 AUX Input with MIC3/AUX selector switch.**

Product Description

Transform your audio experience with the 5 Core home amplifier- the ultimate all-in-one solution. With its sleek design, versatile compatibility, and powerful 400 watts peak output, you can enjoy crystal clear, immersive sound like never before. Easy-to-use controls, including source selectors, EQ adjustment, and volume control, let you fine-tune your audio.

The included remote control adds even more convenience, allowing you to make the audio adjustment from across the room; perfect for both PA and home theater systems, this compact amplifier is sure to exceed all your expectations.

Features

POWERFUL 400 WATT	MIC TALK-OVER FUNCTION	MULTIPLE INPUTS	FRONT PANEL CONTROL CENTER
The 5 Core home audio amplifier is a powerful device, offering a 400W peak power output for multi-speaker impedance and high-quality audio. It is ideal for professional and home use.	The professional sound amplifying device has a MIC talk-over function, which temporarily reduces the current audio so your voice can be heard more properly.	The stereo receiver offers multiple input options, including USB and AUX, with a digital LCD display, audio input, and output. It also has 3 microphone inputs.	The amplifier's front panel features a control center with a clear power control button, rotary volume adjustment, master volume control, and tone control.

Specification :

- Power Source AC- 220-240V 50/60Hz,
- Power Source DC- DC:12V (Car battery), Dry Cell.
- Power Output- 60W Max, 400W RMS at 10%
- THD Output regulation- >84dB@20Hz to 20kHz at Maximum output
- Input/Sensitivities- 3xMIC 0.60mV/4.7k Ω , 1xAux 125mV/470k Ω
- Tone Controls BASS- \pm 8db at 100Hz
- TREBLE- \pm 8db at 10kHz Signal to Noise ratio 60db
- Line Output- 125mV/470 Ω
- Speaker output- 4 Ω , 8 Ω , 16 Ω
- Frequency Response- 100 to 15000Hz \pm 3db
- Dimensions- (349x291x126)MM
- Weight- 5.560Kg
- Color- Black

Package includes:

- 1x Amplifier

Usages

The high-quality audio playback makes it perfect for movie nights and other home entertainment events.

The multiple mics input makes the amplifier ideal for studios or live events.

This stereo receiver's freedom to control output is the perfect companion for a DJ setup.

The MIC talk-over features make the amplifier ideal to be used in places of worship.

Made with heavy-duty material, the rigidity makes it perfect for outdoor events such as weddings, school programs, etc.

Benefits of products

The stereo amplifier has a wide range of potential use; it is highly adaptable.

The well-defined control buttons ensure ease of use.

The compact design makes this amplifier highly portable. You can move it around without any hassle.

The built-in LCD display helps to monitor how the system is performing.

The setup process of the amplifier receiver does not require any special tool or technical expertise.

Benefits of 5 core over other products

The front panel control center provides easy access for volume, tone, and input selection.

The 5 Core audio amplifier is built to last, with sturdy construction that can withstand regular use.

The front panel control center lets you access the output and input easily and conveniently.

400W peak power output is powerful enough to run multiple speakers at once.

AMP 40W-UTX-DLX supports multiple input options making it flexible and versatile.

Why 5 Core

5 Core has been known for producing high-quality, premium products since 1984.

We are committed to using only the best materials and components to ensure the longevity of our products.

The best deals compared to other brands in the market without compromising on quality.

The trustable choice for thousands of customers scattered worldwide in more than 65 countries.

Backed by a proven track record of customer satisfaction and peace of mind.

Comparison
