Immerse Yourself in Premium Sound with 6x9 Car Speakers

About Item

1. **Speaker set:** The car speaker set includes **6x9 car speakers with amazing tweeters, boasting a modern, sleek design** that delivers rich sound with proper details and an immersive listening experience.
2. **1100 Watt Power:** With the **1100 Watt peak power and 4-ohm impedance**, the 5 Core **6x9 car speaker is the perfect choice for anyone seeking a high-powered mid-range speaker for their vehicle.**
3. **High Performance:** The **neodymium tweeter** of the car speaker ramps up the volume at high frequencies **while maintaining a familiar warm, rich sound.** This improves the sound quality and produces a clearer and more attractive sound output.
4. **Ferrite Magnet Structure:** The high-quality universal fit steel basket and **100MM magnet car speaker set** ensures good sound quality with **eye-catching PP cones for plenty of stiffness without added weight.**
5. **Elegant Design:** The elegant design of the car audio speakers delivers great sound and looks great. It's **stylish and premium, makes your car look modern, and sounds amazing!**

6x9 Car Speaker Description

The 5 Core high-performance 6x9 speakers feature **low impedance**, making the most of every watt your stereo can deliver. The **1 inch voice coil** is **made of Aluminum**, a **high-temperature-resistant** material for longer play times without sacrificing sound quality.

The **neodymium magnets** and **strong build quality** enhance your listening experience by revealing every detail of your music. If you like to listen to music at **higher volume** with **rich bass**, the car speakers can help you achieve that with ease.

At 5 Core, Customer satisfaction is our priority with a proven track record of delivering the highest **quality product since 1984.**

Features

Cone material	High-temperature voice coil	Enhance listening experience	Compatibility
The speaker cone is constructed with a strong and long-lasting material that offers maximum flexibility and optimal sound quality.	The voice coil in our 6x9 car speakers is designed to perform under high temperatures with increased efficiency, reducing the risk of fatigue during extended play times.	Enjoy a more immersive listening experience, with better separation between instruments and vocals and a wider soundstage.	This car speaker is versatile, can be integrated into numerous types of cars and boats, and can be used as a replacement truck speaker.
