

Wireless Doorbell by 5 Core- Beyond Bells & Wires

1. **Wireless Doorbell Kit:** The wireless doorbell kit comes with everything needed for a do-it-yourself installation, including an outdoor remote doorbell transmitter, a plug-in smart doorbell receiver, double-sided tape, screws, and an A23 battery that can last for up to a year.
2. **Easy to Set Up:** Setting up the 5 Core doorbell chime is easy as it quickly pairs and connects, making it possible to power the wireless doorbell with a battery. The room doorbell is customizable, allowing you to choose from 58 doorbell chime sounds, and has four volume settings, making it perfect for nap-time or parties.
3. **Long Range:** our state of the art technology uses high-quality microchips and does not require Bluetooth or Wi-Fi. The wireless doorbell signal can reach 1000 feet, making it ideal for large homes, apartments, offices, and warehouses.
4. **Smart Tech:** Not only have we made the doorbell wireless, but we have also made it smart. It remembers your customized settings and has a sleek, modern LED light that illuminates and blinks at night for guests to easily spot. The wireless doorbell is also reliable and weatherproof, operating between temperatures of -4F to 140F.
5. **Versatility:** The versatility of our wireless doorbells makes them great for any application. The wireless doorbell works well in apartment homes, town-homes, small businesses, warehouses, offices, and condo properties. Whether you are using them outdoors for your front gates, back fences, mailboxes, or indoors, 5 Core wireless doorbells are always useful.

Wireless Doorbell Description

The 5 Core Wireless Doorbell Kit is an excellent choice for anyone looking for a versatile, easy-to-use, and reliable doorbell system. With everything you need for a DIY installation, including an outdoor wireless doorbell transmitter, a plug-in smart doorbell receiver, double-sided tape, screws, and a long-lasting A23 battery, it's perfect for large homes, apartments, offices, and warehouses.

Its state-of-the-art technology uses high-quality microchips, so you do not need WI-FI or Bluetooth to operate the device. The wireless bell's signal can reach 1000 feet, and the doorbell features 58 chimes, four volume settings, and modern LED light, making it suitable for any weather condition and occasion.

At 5 Core, Customer satisfaction is our priority—a proven track record of delivering the highest quality product since 1984.

Features

Visual & Audio Alerts	LED Flash	Compact Mini Size	58 Ringtones
5 Core wireless doorbell offers multiple tones, 4 volume levels, and a silent option perfect for nurseries and quiet areas.	With a switch to control volume, the doorbell chime won't disturb you while your baby takes a nap. The LED light will flash when someone rings, ensuring you never miss a visitor.	The 5 Core receiver is only 80×80 mm, so it won't block any neighboring power sockets, making it convenient to use on any occasion. The compact design makes it easy to store and carry.	The 5 Core wireless doorbell offers 58 pleasing ringtones to choose from. With 4 levels of adjustable volume from 0-110 dB, you can select the perfect volume for your space.
