

Product Discontinuation Announcement

Red Lion Controls announces the Obsolescence of Certain Signal Conditioner Models

Red Lion Controls announces the Obsolescence of the following products; IAMA3535, IFMAxxxx, IFMRxxxx AIMI0202 and PGMMOD00 models. This obsolescence is driven by the lack of availability of raw material parts. Last time purchases of these products will be based on raw material parts availability. The replacement models will be available in a few weeks. Red Lion Controls will continue to repair products as long as parts remain available. For more information, please contact your local Red Lion sales representative or visit our [our virtual helpdesk](#).

Obsolete Model	Replacement Model*	Benefits over prior model	Differences
IFMA0035	IFM00001	+ Both relay and analog outputs built-in + AC or DC powered + Easier to program	- Requires programming module (PGMMOD05)
IFMA0065			
IFMR0036			
IFMR0066			
	IAMA0001	+ 6 mm width	- Requires programming kit

IAMA3535		+ Easier to program	(PGMMOD02)
	IAMS0002	+ Easier to program	- Requires programming module (PGMMOD05)
AIMI0202	AIMI0001	+ 6 mm width + DIP switch programmable	- N/A
PGMMOD00	PGMMOD05	+ Functions the same	- Dimensions a little larger
*Possible extended delivery time may occur with order placement for new models.
