

SP 12120

## About Item

1. **1200 Watts Peak Power:** 5 Core **12 inch 135mm Magnet 8-Ohm full range speaker** is ideal for portable sound reinforcement application. It has a **peak power handling of 1200W** and **CEA-rated RMS power handling of 120W**.
2. **Voice Coil Configuration:** The 8 Ohm **cast aluminum frame** of this PA DJ subwoofer is **very efficient** and has a **beautiful finish**. The speaker subwoofer includes **paper cones with cloth edges** and a **dust cap for a crisp and soothing sound**.
3. **Cloth Edge Paper Cone:** The **ultra-stiff cones** used in these **subwoofers are thicker and stronger than other subwoofers** on the market. The high-roll paper edge provides **incredible sound quality** with **minimal distortion**.
4. **Impedance:** The **paper composite cone reinforcement** ensures a **long life** for these subwoofers, making them valuable. The **impedance of 8- Ohm** voice coils and the **hi-tensile steel T-yoke and washer** have an **approved Y-30 magnet**.
5. **Special Features:** 5 Core uses highly adhesive in the assembly of the Speaker for strong bonding between all parts. Best quality Lead-free solder used for a strong connection between Coil wire, Tag, and Copper tensile wire. Best Flexibility Spiders/Dampers for accurate cone movement.

## Product Description

Introducing the ultimate **12 inch PA DJ subwoofer 135 mm Magnet 8- Ohm full range speaker**- the perfect audio solution **for audiophiles, DJs, and music enthusiasts** alike. With an incredible **peak power handling of 1200 watts** and **CEA-rated RMS power handling of 120W**, the DJ speaker delivers a sound experience like no other.

With **easy connectivity** to PA DJ subwoofers' sound systems, this 12 inch subwoofer hosts a 135mm Magnet 8-Ohm full-range speaker; it is the **perfect combination of affordability, quality, and durability** and is sure to take your audio experience to the next level. Get yours today and enjoy an audio experience that will leave you feeling truly immersed in your music. It can be used as **truck speakers, boat speakers** & more.

## Features

Poly Injection Cone	Better design	Temperature Resistant	Stamped Basket
<p>The Poly injection cone of 12 inch subwoofer is made of polypropylene, a highly durable material that allows for maximum flexibility and produces great-sounding subwoofers.</p>	<p>Enjoy top-notch audio quality with this impressive sound system. Boasting a 12-inch 8 ohm voice coil configuration with a PP cone and rubber edge, this system guarantees optimal performance and stability. You can expect nothing but the best from this design.</p>	<p>Our subwoofers' high-temperature voice coil can perform under higher-than-normal degrees with less fatigue and increased performance and efficiency during heavy-duty and prolonged playtime.</p>	<p>Our 12 inch subwoofer also features a stamped basket that can absorb and transfer much of the energy produced by the subwoofer. This design ensures the subwoofers remain in excellent condition and deliver optimal sound quality.</p>
