

Cut the Cord: Embrace the Convenience of a Wireless Charger

1. **3 in 1 wireless charger station for Apple, Samsung & more:** 5 Core's fast wireless charger station charges iPhone, Apple Watch, and AirPods at once, with hybrid charging support for Apple and Android devices.
2. **Up to 15W Fast Charging & Vast Compatibility:** The wireless charging station has smart charging technology. It automatically detects the device's power requirement and delivers proper wattage for better efficiency. You can use the iPhone charging station for other phone manufacturers such as Samsung, Google, Huawei, etc.
3. **Safe for You & Your Gadgets:** The 3 in 1 apple charger station has multiple protection mechanisms. It reduces the risk of temperature and overcharging and has over-voltage protection. The wireless charger is designed to ensure safe charging.
4. **One Cable for All:** With only one cable and a fast charger, the iPhone charging station eliminates the need for separate chargers and messy cables, making organizing your night-stand and desk easy.
5. **Convenience:** 5 Core wireless chargers eliminate the need for multiple charger bricks. It is better for the environment and elevates convenience.

Product Description

Introducing charging stations for multiple devices designed and manufactured by award-winning premium electronic manufacturer 5 Core. This powerful charging station lets you charge your iPhone, Apple Watch, and AirPods simultaneously, giving you the convenience and ease you've been looking for both Apple and Android devices; you can now charge all your gadgets with the Apple wireless charger station.

Our wireless charging station boasts a lightning-fast charging speed of up to 15W, making it the perfect choice for your Google Pixel, Samsung Galaxy, or iPhone. And with multiple protection mechanisms, including overcurrent and over-voltage protection, your devices are always safe and secure during charging.

At 5 Core, Customer satisfaction is our priority ??a proven track record of delivering the highest quality product since 1984.

Features

Desktop Partner	Slip Resistance	Support case	LED Indicator
The 3 in 1 wireless charger lets you stay connected even while charging, which is perfect for home and office use.	Say goodbye to slipping or flipping chargers with our non-slip charger station that securely holds your phone.	The iPhone charging station supports most phone cases up to 6mm thick, but please avoid metal cases or external attachments that could interfere with charging.	Our sleep friend LED indicator in the apple charger shows your charging status without disrupting your nap, making it the perfect addition to your night-stand.
