

SP 672 DC

About Item

1. **60W Powerful Sound-** This midrange speaker can blast your music with a peak power of 60 Watts(30 Watts RMS). Play your favorite track as loud as you can without unwanted distortion.
2. **Frequency Response-** The midrange car speaker boasts a wide frequency response. It is easy to install and improves your in-car audio experience. It works well with your existing setup and gives you full-range stereo sound.
3. **4 Ohm Impedance-** This 6 Inch speaker has a 4-ohm rating, which helps to reduce sound distortion in many modern cars due to their small wires. You get a clear and crisp sound all the time.
4. **0.81" Kapton Voice Coil-** The mid range speaker has a strong & premium magnet and a 0.81 inch CCAW Kapton voice coil for improved performance, even at high temperatures. Its sturdy build ensures the speaker performs at its best for a long time.
5. **6 Inch Standard Size-** The 5 Core Pro Audio midrange speaker has a standard 6" size. This size is perfect for car stereos. You can use it for new speakers or replace old ones in your favorite speaker cabinet.
