MS ADP M SLV 38M-58F 1PC

About Item

1. **Function:** 5 Core microphone adapters are useful for connecting a microphone to a mic holder. These mic mounts can convert the microphone holder and accessories from a 3/8 Male to 5/8 Female thread.

2. **Solid Material:** The mic stand adapter is crafted from solid Aluminum alloy, which gives it a sleek finish and metallic premium shine.

3. **Knurled Surface:** The knurled surface of the mic screw adapter offers an excellent grip, allowing for effortless installation and removal. It has a deep, complete thread without burrs, which enhances its stability and tightness.

4. **Easy to use:** The microphone stands screw adapter is a breeze thanks to its butt-free, threaded, anti-skid knurled surface. You can expect a pleasant user experience and stable installation.

5. **Wide Application:**? The mic adapter has a wide range of applications and is ideal for attaching cameras, recorders, LCD monitors, and other accessories to a microphone stand.

Product Description

Crafted from solid aluminum alloy, our mic adapter features a beautifully engraved knurling surface that provides a secure grip for easy installation and removal. Its complete, burr-free thread ensures a stable, tight fit every time. This mic stand adapter is the perfect solution for mounting cameras, recorders, LCD monitors, and other accessories on a microphone stand.

With its anti-skid knurled surface, you can expect a smooth and easy installation experience, no matter what gear you are working with. Upgrade your microphone setup with our microphone adapters today and enjoy a more versatile, professional-grade setup.

At 5 Core, Customer satisfaction is our priority a proven track record of delivering the highest quality product since 1984.

Features

Professionalism	Time-saving	Portability	Safe & secure

The mic stands screw adapter makes it possible to use different types of microphones in professional settings, providing versatility in sound production.	5 Core microphone stand adapter eliminates the need to switch out mic stands every time you want to use different microphones, saving time and effort.	With a microphone stand adapter, you can easily move the Microphones from one stand to another, which can be useful when traveling or working in different locations.	Using the 3/8 Male to 5/8 Female mount screw ensures a secure and stable connection between the microphone and the stand. This can prevent accidents and improve the overall sound quality.
