

Delta Magmount

Magnetic Antenna Mounting for Delta Range

Key Features

- Simple Magnetic Mount for Direct Attach Antennas
- Suits multiple antenna designs
- Facilitates antenna relocation for optimum signal strength
- Standard 2G/3G/4G and ISM Antennas

General Description

The Delta Magmount base is ideally suited for direct attach antennas. It enables a device attached antenna to be moved away from the device to optimise the signal.

The base will stand upright on any flat surface and will be held in place by the magnets if used on a metal surface.

The cable is supplied with an SMA Male connector. The SMA Female connector on the magnetic base will mount any standard antenna for 2G/3G/4G and ISM Band Applications.

Additional Considerations

- Direct device connection
- Meets all EU compliance criteria for electronic goods

D Direct	M Magnetic	2G GSM	3G UMTS
4G LTE	ISM 433	ISM 868	ISM 915

Delta Magmount

Magnetic Antenna Mounting for Delta Range

Electrical Specifications

Impedance:	50 Ohm
Max Power:	50W

Mechanical Specifications

Dimensions:	H40 x 48mm Ø
Base Connector:	SMA Female Jack
Cable Connector:	SMA Male
Mounting method:	Magnetic
Weight:	85g

Antenna Compatibility List

DELTA1A X/SMAM/S/S/11
DELTA1C/X/SMAM/S/S/25
DELTA1D/SMAM/S/S/34
DELTA5A/X/SMAM/S/S/17
DELTA6A/X/SMAM/S/S/11
DELTA6B/X/SMAM/S/S/11
DELTA6C/X/SMAM/S/S/11
DELTA7A/x/SMAM/S/S/11
DELTA7B/x/SMAM/S/S/11
DELTA12/X/SMAM/S/S/17

DELTA12A/X/SMAM/S/S/17
DELTA12B/X/SMAM/S/S/17
DELTA12C/X/SMAM/S/S/17
DELTA21/X/SMAM/S/S/20
DELTA22/X/SMAM/S/S/20
DELTA22A/X/SMAM/S/S/20
DELTA22B/X/SMAM/S/S/20
DELTA26/X/SMAM/S/S/19
DELTA40/X/SMAM/S/S/32
DELTA41/X/SMAM/S/S/32

Plus any direct connect antenna with an SMA Male connector
