

Product End Of Life Notification		Date Jan 24, 2023 (rev 2)
Product	Digi Transport WR44 Cellular Routers Product Notice: 221222-01 (Revision 2)	

Audience	All cellular distributors
Product Notice	<p>Digi WR44 End-of-Life (all remaining SKUs)</p> <p>Digi introduced the next-generation, more capable Digi TX64 family of products for rail applications to replace the legacy Digi Transport WR44 product line. The major benefits of this change are upgraded technology, including 5G, fewer SKUs for partners to track, and the ability to redirect resources to innovate on newer products and services.</p> <p>This is the final notice announcing the end of life on all remaining WR44 SKUs (full list is below).</p> <p>For more information about the benefits of migrating to newer Digi products with the DAL operating system, please see Digi Knowledge Base.</p> <p>For help in migrating existing configurations, see Digi Router Migration Guide.</p> <p>See your Digi Sales representative for questions concerning affected products. A table with suggested replacement SKUs is provided below.</p>

EOL Part Number	Recommended Replacement	TX64 Offers improvements over the WR44
WR44-00G4-CE1-MC	TX64-R210	<ul style="list-style-type: none"> – WR44 RR replacement and upgrade – High-speed 5G NR global cellular radio with 4G LTE-Advanced Pro Cat 20 and 3G fallback – DAL Linux -based software feature set with quarterly firmware updates – Wired Gigabit M12 Ethernet (4-port) for onboard systems – Dual concurrent Wi-Fi 5 (802.11ac) radios – Latest-generation GNSS receiver with untethered dead reckoning (UDR) combines GNSS with inertial sensors – Securely deploy, monitor and control devices with Digi Remote Manager® – Cryptographic co-processor with secure key generation and storage – IP66 Rating and MIL-STD 810 tested (vs. IP30) – Wider Operating Temperature (-40°C to 74°C vs. -20°C to 60°C)
