HA-43
Harness

The HA-43 is a harness comprising a C-K1 4-wayh Metri-pack 150 mating connector fitted to 100mm flying leads. It is designed to facilitate connection of sensors and switches with integrated Packard Metripack 150 series connectors without the need for a connector crimping tool.

Part	HA-43
Description	C-K1 4-way Metri-pack 150 mating connector on 100mm F/L
Prod. Group	Harness

Harnes Information

Connector	M/P 150-4P, Metric-Pack 150 Sealed Female
