CHERRY MX BLACK CLEAR TOP - Powerful, direct and retro

Models may vary from the image shown

Original CHERRY MX is the world's leading precision technology for mechanical key switches. The CHERRY Gold Crosspoint contact concept and the unprecedented production quality "Made in Germany" are unique.

This box enables gamers and enthusiasts to build their own keyboards choosing their favorite CHERRY switch type. One box contains 23 switches.

CHERRY MX BLACK CLEAR TOP:

The MX Black Clear-Top is a re release of the community favorite "MX Nixie" which was manufactured for Nixdorf Computer AG in the 80s. In addition to the milky top housing, the switch is characterized by a linear switching characteristic, a golden spring and a slightly increased actuation force. The MX Black Clear-Top is also available as pre-lubed version. This makes the switch suitable for retro fans, frequent typists, gamers and users who value linear switching characteristics as well as good acoustics.
