The compact keyboard 'XS Complete' (G84-5200) offers a full keyboard layout complete with number block and is ideal for all applications with limited space and requiring frequent number entries.

FUNCTION AND PERFORMANCE

→ Full configuration with numeric keypad Ideal for applications where numbers need to be typed frequently

→ High reliability and precise keystroke accuracy due to Gold Crosspoint contacts (Cherry ML technology) on each individual key

→ Ideal for continuous use thanks to its high durability of more than 20 million keystrokes for each key

→ Compact dimensions and very low overall height, making it ideal for tight spaces and 19" applications

→ Uniform dimensions and dimensions are the same for the entire XS product series: the keypad can be selected to match the respective application

→ Low weight: for special cases where every gram counts

→ Plug & Play: compatible with standard operating system drivers

→ Compatible with Code Set 3 and Unified POS

→ Clamping option for permanent mounting

→ Detachable support legs for individual configuration of the keyboard inclination

→ Programmable keys for further time savings
