Product Update: 26800B-578 N-Type Focus Mount

We are pleased to announce an update to our 26800B-578 focus mount. This product, which previously featured a 32mm opening, has been redesigned with a 25mm opening to better accommodate our 25mm post stands. Despite this enhancement, we are maintaining the current price point to ensure you receive the best value for your investment.

N-Type Focus Mount

with 25 mm Opening

Item # 26800B-578

*Fastens to Inspection Cameras with
the Universal 1/4" Adapter Screw Mount*

Features a 25 mm
Opening for Attachi
to Post Stands

We have updated all marketing materials to reflect this change and streamline your sales process. This update eliminates the need to stock the 26800B-571 Heavy Duty Post Stand with a 32mm Diameter Post, as all microscope systems will now include the 26800B-570 stand, enhancing compatibility and convenience at no extra cost.

We appreciate your continued partnership and support as we strive to deliver products that meet your needs and exceed expectations. Should you have any questions or require further information, please do not hesitate to contact us.

Regards,
The Aven Team
