TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

Product Description: (Text limited to 120 characters)

ERNI MicroBridge Male A SMT (PCB Connector)

#### **General Description of Changes**

Dear customer, as a result of our continuous strive for improving our process, capacity and quality as we as our strategy to serve local demand from within production region, we hereby inform you. TE China added the duplication assemble line, molds and stamping tools. The processes of molding, stamping and assembly will be localized in China Suzhou factory, via tool duplications. The new manufacturing location operates under a certified quality management system in accordance with standard automotive requirements. A TE-internal release test based on the relevant part specifications will be executed before delivery. Upon request, a PPAP Level 3 will be available if it concerns a new manufacturing equipment of a tool or tools which produces a finished TE-product. If you require such a PPAP, please notify the responsible TE Sales Contact within 14 calendar days after receipt of this PCN.
