### **General Description of Changes**

The listed part numbers will be transferred from <name of the current TE Connectivity manufacturing location or print "Outside Vendor"> to <name of the future TE Connectivity manufacturing location or print "Outside Vendor">. An internal release based on TE Connectivity specifications will be executed before any parts will be delivered, which guarantees the performance.

Less space

#### Presentation of old location

- Old location is 1,9km away from headquarters of company and central warehouse
- It is an old building, which is not anymore suitable for production location
- Warehouse in that location is not very practical and it is small
- Material is transported every day from central warehouse to production location and final goods back

## More space

### Presentation of new location

- · Close to warehouse
- In the same building as other TE production lines
- In the same building as technical support and quality department
- Clean environment
- New location at current location of ERMET production
