

Product Change Notice

PCN#: EE-PCN25009

March 4, 2025

CLASSIFICATION OF CHANGE:

PN change to create standard and alternate PN classification for TVS diode products.

DESCRIPTION OF CHANGE:

A subset of the Eaton TVS diode product family is now available with standard and alternate catalogue PN's. The standard PN's match the industry standard TVS diode naming convention, while the alternate catalogue PN's match the preexisting Eaton naming convention. The standard and alternate PN's are identical and interchangeable, and one may be shipped as replacement for the other if stock is available. This will be evident by the PN on the packaging label, whereas the physical products, part marking, etc. are identical.

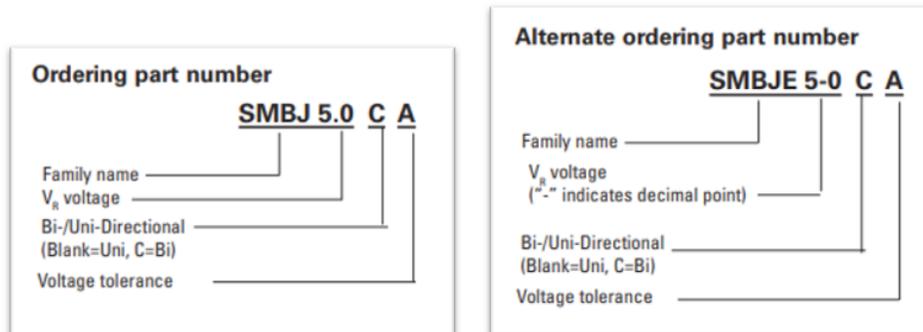

REASON FOR CHANGE:

Eaton is focused on continuous improvement and this change will make it easier for customers to specify Eaton TVS diode product as like for like drop-in replacements in their new and existing designs.

EXPECTED INFLUENCE ON QUALITY, RELIABILITY, AND PERFORMANCE:

There will be no effect on the quality, reliability, or performance. There are no changes to form, fit, and function of the devices.

EXAMPLE:

Example of Standard and Alternate TVS Diode Catalog PNs found on datasheet.

PARTS FAMILIES AFFECTED:

See following page for part number list.

TIME SCHEDULE:

Start Shipment Date: March 1, 2025

SAMPLE AVAILABILITY:

Available upon request

QUALIFICATION DATA:

Available upon request

ISSUED BY:

Global Product Manager: Elon Brown
