Product Change Notification

PCN No.	Quectel_PCN202502280001EN02	Date of Issue (DD/MM/YYYY)	10/03/2025

1. General Information

Type of Change	RED DA certification adding and firmware upgrade
Description of Change	For the modules listed in the table below: 1. Quectel will add RED DA certification for module products in compliance with EU regulatory requirements; 2. Quectel will uniformly upgrade the firmware of module products directly sold to the EU region.
Reason for Change	The EU has confirmed that RED DA certification must be implemented after August 1, 2025. Products directly shipped to the EU region must comply with RED DA requirements. Quectel has developed corresponding technical solutions to ensure that the modules meet the mandatory certification standards. For more details, please visit https://eur-lex.europa.eu/eli/reg_del/2023/2444/oj.

Proposed First Shipment Date:

In compliance with regulatory requirements, the shipment of Post-Change Products with upgraded firmware versions will start on 01/08/2025 (DD/MM/YYYY).

Sample/Firmware Verification:

You may request samples or new firmware for verification, which must be completed at least 30 days prior to the Proposed First Shipment Date. Otherwise, Quectel shall deem the Post-Change Products as tacitly accepted.

3. Customer Impact and Recommended Action

1. The affected module products will be certified according to regulatory requirements, and the integrated equipment will need to be re-certified according to regulatory requirements.
2. If the integrated device references the module's network security solution, the feasibility of referencing the data and the scope of testing must be assessed based on the declaration and the capabilities of the integrated device.
3. After August 1, 2025, Quectel will no longer ship modules with the pre-upgrade firmware version, in compliance with regulatory requirements.
4. The document *Impacted_OC_and_Firmware_Version_List_for_Quectel_PCN* provides the ordering codes and firmware versions for all affected products. For more details, please contact Quectel Technical Support at support@quectel.com or Quectel's Commercial Department.

4. Customer Acknowledgement of Receipt

Please acknowledge the receipt of this PCN and submit your acknowledgement response by sending an email to info_PCN@quectel.com by the Proposed First Shipment Date

Lack of acknowledgement of the PCN and/or the acknowledgement response within the said time limit constitutes tacit acceptance; thus, Quectel shall implement the change as indicated above.
