Dimensions:
4" x 6" Round-Corner Rectangle

Material:
Direct Thermal Paper

Extras:
Perforation

Lamination
No Lamination

Quantity Per Roll:
925 Labels

1" to scale

About the Material

This Premium White Direct Thermal Label - Our finest direct thermal paper, is designed for use in all industrial and mobile direct thermal (no ribbon) printers. It offers excellent resistance to moisture, heat, PVC, and other common contaminants for a longer lasting imprint. Great for high-speed printing and many labeling applications.

About the Adhesive

This versatile general-purpose permanent adhesive provides excellent initial tack and superior adhesion to a wide variety of substrates, particularly corrugated cardboard and plastics, keeping your labels permanently affixed to where they are applied. Meets FDA 21 CFR 175.105 requirements for indirect food contact.

Testing Disclaimer:

Kenco Label & Tag Co., LLC recommends that you order a sample roll of labels and thoroughly test the label material, adhesive, print quality, durability, and any other variables that may require testing for your application.

If you run into any issues or questions while testing, or if you want an expert to help you choose the correct material for your application, please give us a call at 800-537-3336 and ask to speak with a materials expert.

*The labels offered for sale are made and manufactured by Kenco Label under the Kenco® trademark brand. Kenco is not affiliated with, connected to or sponsored by the manufacturer or brand owner of the compatible printer model listed.
