Product Discontinuance Notification Details								
Description of Discontinuance:								
Texas Instruments Incorporated (TI) is announcing the discontinuance of select devices. Part Numbers are listed in the Product Affected Section. A last time buy is not being offered. Recommended replacements are being offered as shown in the Product Affected Section.								
NOTE: There are no samples offered for withdrawn/obsolete products. For samples of any of the replacement products, please contact your local sales representative.								
Reason for Withdrawal/Discontinuance:								
TI will no longer support the small reel part numbers shown below. The recommended replacement product is an exact replacement device shipped in large tape and reel.								
For support of smaller quantities (less than large tape and reel pack quantities), customers may be able to order the replacement part number (large pack variant) on TI.com, and choose a custom reel size for the actual quantity required. Please refer to Carrier Packaging Options for more information. If you need further assistance, please contact your local sales representative or TI customer support .
