

USB 3.0 Type-A Male/Female Panel Mount Extension Cable Available in 1ft, 3ft, 6ft, and 8ft

Product Description

USB 3.0 Type-A Male to Female Panel Mount Extension Cable (Black)

Upgrade your connectivity with this **USB 3.0 Type-A Male to Female Panel Mount Extension Cable** in sleek black. Designed for high-speed performance and secure integration, this cable allows you to extend a USB 3.0 port and mount it to a panel, case, or enclosure with ease.

Featuring a **USB 3.0 Type-A male connector** on one end and a **panel mount USB 3.0 Type-A female connector** on the other, it supports data transfer speeds up to **5 Gbps**, ensuring fast and reliable communication between your devices. The panel-mount female connector includes **integrated mounting flanges with screw holes**, making it ideal for custom builds, 3D printer enclosures, industrial applications, dashboards, and more.

Built with a **durable black PVC jacket**, the cable offers flexibility and resistance to daily wear and tear, while internal shielding protects against electromagnetic interference (EMI). The nickel-plated contacts ensure stable connectivity and long-term durability.

All relevant materials are complied with RoHS directive.

- Connector Type: USB 3.0 Type-A Male to USB 3.0 Type-A Female (Panel Mount). Female connector features screw flanges for secure mounting.
- Performance: Compliant with USB 3.0 specifications. Supports data transfer speeds up to 5 Gbps.
- Build Quality: Shielded for EMI protection. Durable black PVC jacket. Nickel-plated or gold-plated contacts for optimal conductivity.
- **Compatibility**: Backward compatible with USB 2.0 and USB 1.1 devices. Plug-and-play with PCs, laptops, embedded boards, Raspberry Pi, etc.
- Mounting Applications: Ideal for custom PC builds, 3D printer enclosures, vehicle dashboards, industrial kiosks, and AV cabinets.
