Weight: 0.40 LBS

Product Description

Micro Connectors VGA Splitter Cable – Share Video with Ease

The Micro Connectors VGA Splitter Cable is the perfect solution for sharing video content on two displays simultaneously. Ideal for presentations, meetings, or any setup where you need to display the same image on multiple screens, this splitter cable ensures seamless connectivity without hassle.

Key Features:

Dual Display Output: Splits a single VGA signal to two VGA displays, providing a simultaneous display of the same image — perfect for presentations and video sharing.

Plug-and-Play Design: No additional software or power source needed. Simply connect the cable to your devices and you're ready to go.

High-Quality Construction: Fully shielded cable reduces noise and interference, ensuring clear and stable video output on both screens.

Wide Compatibility: Works with any VGA-compatible monitor or display using standard 15-pin connectors.

Eco-Friendly Materials: Built with RoHS-compliant materials, ensuring safety and environmental responsibility.

Specifications:

Model: M05-1116

Cable Length: 1 ft

Weight: 0.25 lbs

Connectors:

Connector A: HD15 Male x 1

Connector B: HD15 Female x 2

Conductor: 28 AWG x 14C with drain wire, 6.0mm outer diameter
