

6Ft Universal Auto-Locking AC Power Extension Cord, 17 AWG, C13 to C14

Part# M05-113EULK

Universal Auto-Locking AC Power Extension Cord (C13 to C14) - 17 AWG

This auto-locking AC power extension cord provides a secure and reliable power connection for your valuable equipment. The C13 locking connector prevents accidental disconnections, eliminating power interruptions and data loss. Built with 17 AWG conductors and a durable SJTW jacket, this cable ensures efficient power delivery and long-lasting performance.

Features:

- C14 plug to C13 auto-locking connector
- Prevents accidental power disconnections
- 17 AWG conductors for stable power delivery
- Durable and flexible SJTW jacket
- Voltage Rating: 250V
- Amperage Rating: 10A
- Ideal for servers, PCs, monitors, and networking equipment
