

Length in inches	Tolerance
▪ 0 - 30	▪ $+0.25" / -0"$
▪ >30 - 60	▪ $+0.50" / -0"$
▪ >60 - 120	▪ $+1.0" / -0"$
▪ >120	▪ $+1\% / -0\%$

The specified length of Digi-Key's value-add Molex jumper wires is the length of the wire before it is stripped and the contacts are added. On single ended jumpers, the empty end is cut flush without any stripping.

For custom lengths or configurations, send inquiries to [custom.orders@digikey.com](mailto:custom.orders@digikey.com)
