

PRODUCT CHANGE NOTIFICATION

PRODUCT CHANGE NOTIFICATION NUMBER: PC000031

PCN DATE: July 25, 2025

This notice is to inform you of an upcoming manufacturing location change for several parts within one of our product families. As part of our continued efforts to streamline operations and enhance service and delivery, Cinch Connectivity Solutions will be transitioning production of select Stewart Connector products from our facility in Glen Rock, Pennsylvania to our existing facility in Reynosa, Mexico.

PARTS AFFECTED:

Please see Appendix A

GENERAL PRODUCT DESCRIPTION:

Modular plugs and accessories

ESTIMATED IMPLEMENTATION DATE:

December 1, 2025 for transition start.

DESCRIPTION OF CHANGES:

To maintain full continuity and consistency in product performance, all existing injection molding, assembly equipment, and tooling will be relocated to the alternate facility. There will be no changes to the manufacturing processes, product specifications, contact plating location and specifications, or materials. The only change is to the physical site location of the injection molding and assembly operations.

The alternate facility, located in Reynosa, Mexico, is AS 9100 compliant and will maintain the same rigorous quality management system standards. Additionally, all applicable UL certifications will be transferred to the Reynosa location to ensure uninterrupted compliance.

To support a seamless transition, we are building buffer stock ahead of the relocation. As a result, the exact cut-in date for products manufactured at the Reynosa facility will be based on inventory depletion rather than a fixed calendar date. This approach ensures we can meet your delivery needs without disruption.

11118 Susquehanna Trail South
Glen Rock, PA
17327, USA

T 717.235.7512
stewartconnector.com

Please note:

- There will be **no change to how or where orders are placed**—you will continue to submit orders through your existing contacts using your current processes.
- However, **final product shipping points may change for some items** as production transitions to the Reynosa facility. Any changes will be communicated at the part number / order level based upon inventory status. The shipping point for production from our Reynosa facility will be: Pharr, Texas, USA.

We are committed to keeping you informed throughout the transition process. For further questions or concerns, please contact your account representative or reach out to our customer service team at 717-235-7512.

We appreciate your continued trust and partnership.

SIGNATURE:

A handwritten signature in black ink, appearing to read 'Derek Imschweiler', with a stylized, flowing script.

Derek Imschweiler
General Manager
