

Pipe Mount Adapter – Screw Compression

PN: 23-0065-0

The Tallysman Screw Compression Pipe Mount Adapter is designed to fit all of our TW3000 family of antennas. It is meant for use with the customer's existing non-standard pipe (maximum pipe size of 40 - 42 mm (1.5 inch inside diameter)) and is secured with 2 stainless steel cap screws. Our antenna is secured to the adapter with 2 hexagonal nuts.
