

## Colored General Purpose Masking Tape

TC602

### General Description

TC602 Colored General Purpose Masking Tape is constructed with a flexible paper backing and offers excellent adhesion and release from a variety of surfaces. Tested and approved for arts and crafts against LHAMA requirements (conformance to ASTM D-4236).

### Product Information

Product Category	Backing Type	Adhesive Type	Color
Paper Masking	Crepe Paper	Synthetic Rubber-Based	Black, Dk. Green, Lt. Green, Orange, Red, White, Yellow

### Product Applications

- Labeling, color-coding, decorating, and identification purposes
- Packaging, bundling, binding, holding, splicing, and banding applications

### Product Benefits

- General purpose grade
- Medium-high adhesion
- Releases easily from a variety of surfaces
- Meets LHAMA requirements for use in arts and crafts

### Typical Properties

Property	Value	Test Method
Total Thickness	4.5 mil	
Peel Adhesion (SS Panel)	30 oz/in	
Tensile Strength	19 lb/in	
Temperature Range	60°F to 150°F	

NOTE:

1. When applying pressure sensitive adhesive films to any surface, be sure that the surface is free from oil or other surface contaminants such as powder, dust or release agents. Adhesive performance should be carefully checked when used on substrates containing plasticizers.
2. The above values are "Typical Values" which have a nominal range about them and are not intended for specification purposes.
