Comments:

The instruction sheet for the replacement heating element (PN: A1068) was revised in April 1997 to include specifications for both 100V/110V and 120V versions. The old instruction sheet (Figure A) was mistakenly included with shipments after April 1997. The correct instruction sheet (Figure B) should have been used.

Figure B

Do not use the old instruction sheet to check the heating element specifications. Doing so may lead to an incorrect diagnosis of the heating element.
