Description

Wiha 5/16 Inch Hex Impact Nutsetter, 2 Pieces

The Wiha 2pc. 5/16" Magnetic Impact Nutsetter is a high-performance tool designed for efficiency and precision in fastening tasks. Each nutsetter features a 5/16" drive and a robust 3" length, ideal for

reaching deep or tight spaces. The magnetic tip securely holds nuts and bolts in place, minimizing drops and improving accuracy. Engineered for impact drivers, these nutsetters are crafted from premium materials to withstand heavy-duty use and deliver consistent results.
