

DigiKey  
**Standard**

## USB 3.0 Type A Flash Drive

### PRODUCT HIGHLIGHTS

For Pictures, Video, Documents and More

Read / Write Speeds up to 60 MB/s / 10 MB/s

Backwards Compatible with USB 2.0 and 1.1

#### USB Compatibility

The DigiKey USB 3.0 Drive works with any desktop, laptop, tablet, or gaming system equipped with a USB-A port.

#### High-Speed Performance

With transfer speeds up to 10× faster than USB 2.0, it delivers quick and reliable data access.

#### Compact & Portable

Its lightweight, pocket-sized design makes it easy to carry and ideal for flexible data transfer.

#### Simple Plug-and-Play

No installation required. Once connected, the drive is automatically recognized as a removable device. Just drag and drop files to store, back up, transport, or share.
