

Part Number: INTLWZ 004

Manufacturer: BFirst Industrial / B&F Fastener Supply

The **INTLWZ 004** is an **Internal Tooth Washer** manufactured by **BFirst Industrial** (also associated with B&F Fastener Supply).

These washers are a type of lock washer designed to prevent fasteners from loosening due to vibration or torque. The teeth bite into the fastener head or nut and the mating surface, locking the assembly together.

Attribute	Specification	Metric Equivalent
Type	Internal Tooth Washer (Lockwasher)	
Thread/Screw/Hole Size	#4 Screw	
Material	Steel	
Plating	Zinc	
Thickness	\$0.015"\$	\$0.38 \text{ mm}\$

Attribute	Specification	Metric Equivalent
Diameter - Outside (OD)	\$0.260"\$ to \$0.265"\$	\$6.60 \text{ mm}\$ to \$6.73 \text{ mm}\$
Diameter - Inside (ID)	(Not explicitly listed, sized for #4 screw)	
Part Status	Active	
RoHS Status	RoHS3 Compliant	
Manufacturer	BFirst Industrial / B&F Fastener Supply
